

Current date, 2025

Dear Hiring Manager

My name is Brian Otina Makau. I am writing to submit my application for the open role that you are advertising. Based on the job description, I believe I have the required skills and experience for this role.

I am a graduate with a degree in Statistics with programming from 2024. In the past, I have received consistent praise for my positive traits from professors and classmates. During my studies, I developed proven communication, teamwork and [technical skills, like data analysis, Python] that I would love the opportunity to use at your company.

I hope my resume convinces you that I am a diligent, reliable candidate. I look forward to meeting you to discuss the value I'd bring to your organization, as well as the ways I can help your business achieve its goals. Please contact me at phone number or via email below so that we can organize a suitable meeting time.

Thank you for considering my application. I look forward to hearing from you.

Brian Otina Makau
